Date	Time	Collector's Name	Agency's Name	Caller ID Information	Call Back Number	Tape Made?
10/4/2003	10:03 a.m.	Julius	Acme Collection	877-555-5555	877-555-5423	Yes
Notes	Julius called said that if I didn't pay by Friday, he was going to have one of his asset investigators bring a constable to my house to take a survey and to check the VIN number on my car. He said the attorney on this file was upset that I wasn't making payments and that if they didn't get paid by Friday, the attorney was going to take over the file from him. He said he wanted to help me, that he didn't want me to lose my house over this, but that for him to help me, I was going to have to help him by making this payment. I told him that there was no way I could make a payment by Friday, that I would try to have the money together in the next two weeks. He got angry and yelled: "That's not good enough, Bitch!! Don't you understand that I'm trying to help you here! If you're too stupid to get that, then you deserve to lose your house! Then he hung up the phone.

Notes	I called Jullius back and told him that I didn't want to be talked to that way and that I didn't want him or his agency to ever contact me again. He said "Yea, right, Bitch" and hung up the phone.
