

This table lists all of the credit card cases we defended and resolved in 2010. . The table does not include cases where we were hired after judgment, nor does it include cases where we were hired solely to settle the case.

Almost all of the dismissals listed in the table are non-suits. This means the creditor has voluntarily dismissed its case, but reserves the right to re-file. The Resolved Rate is the percentage of cases which we either settled, won, or the case was dismissed. The Dismissal Rate is the percentage for cases which were either dismissed or won
